בס"ד

Dear Professor Melamed,

This is to let you know that ten professors from all over the world including from Israel came to the symposium which took place on 6 December 2015.

This matter of Spinoza was discussed at length. I myself, as the Chacham of the congregation gave a lecture on this subject and the conclusion was that the cherem which was imposed by our rabbis of the past is to remain.

In view of the above, there is no question of you discussing Spinoza in our complex.

Yours faithfully

פנחס טולידאנו

Chacham P. Toledano
